One of the most captivating American heroes of our time, Capt. Sullenberger's preparation and leadership enabled him to safely guide US Airways Flight 1549 to an emergency landing in New York City's frigid Hudson River on Jan. 15, 2009.

Capt. Sullenberger's keynote will underscore the importance of preparing for any situation through lifelong learning, risk management and innovation.

**HOTEL INFORMATION**

Rooms are available in the AGRiP block at the Hyatt Regency Orlando, which is also the conference venue. After you register for the conference, you will get additional information to make reservations. If you make reservations outside the block, AGRiP will not be able to help you with any rooming issues.

Rooms are available on a first-come, first-served basis until Friday, Feb. 7, or until sold out. Room rates start at \$259 per night (plus tax and service fees). An optional \$25 resort fee per night includes a range of amenities (e.g., fitness center access, trolley tickets).

AGRiP never solicits hotel reservations directly via email or phone calls, and we do not employ third-party housing services. If you receive any outreach regarding hotel reservations other than the link provided in response to your conference registration, it is a scam and you should not respond.

**OPTIONAL EDUCATIONAL ACTIVITIES**

Conference attendees will have the option to sign up for any of these free sessions as part of the registration process:

- **First-Time Attendees Breakfast:** Join AGRiP for a brief orientation to the conference. Meet other newcomers and the AGRiP Board of Directors. Learn how to make the most of your AGRiP membership and your time at the conference. This conversational breakfast forum will be useful to everyone from pool attendees to QEI Patrons and Partners. *(8 to 8:30 a.m. on Monday, March 2)*
- **Pooling Basics:** Developed by pooling professionals, this popular pre-conference program helps those newer to pooling get grounded in the essentials from pool structure and governance to actuarial reviews, underwriting and more. Content is appropriate for governing body members and for

other pool, QEI Patron or Partner attendees. Lunch and snacks will be provided. *(11 a.m. to 6 p.m. on Sunday, March 1)*

- **Source Game:** In this simulation game, participants are challenged to make management decisions for a fictitious public entity pool. This game is a great opportunity for staff, board members or service providers to get more hands-on insight into public entity pooling. **New decision-making parameters mean this year is a great time to participate in the game again.** Participants should attend all four sessions. Source Game is produced by CEO-level QEI Patron Willis Towers Watson. *(2 to 2:30 p.m., Monday, February 10 - Introduction and First Round of Decisions; 8:45 to 9:15 a.m. and 4 to 4:30 p.m. on Monday, March 2; 8:45 to 9:15 a.m. and 4:30 to 5 p.m. on Tuesday, March 3)*
