Board of Trustees Meeting of November 18, 2019 Underwriting Report

All 19-20 member policy forms have been updated by the respective reinsurers with all corrective endorsements that may have been necessary. The final versions of the 19-20 forms are now available for download by NJSIG members and brokers on the NJSIG website.

An interdepartmental committee has been formed to conduct a holistic review of long-term member loss data so we can better determine where to focus our underwriting and loss control efforts.

Claire A. King, J.D., AIC
Underwriting Manager
