# NEW JERSEY SCHOOLS INSURANCE GROUP MEMORANDUM

**Date:** March 28, 2018

**To:** Board of Trustees

New Jersey Schools Insurance Group

From: Evaluation Committee for I-2018-0001

**Subject:** Document management software and services (I-2018-0001)

competitive contracting narrative summary report and

recommendations

NJSIG is a school board insurance group, also known as a governmental risk pool, established in accordance with <u>P.L.</u> 1983, <u>c.</u> 108, that provides insurance coverage and risk management services to member school districts. NJSIG has approximately seventy-five (75) full-time employees. NJSIG's current document management system, ImageRight from Vertafore, has approximately thirteen million files, totaling approximately six hundred gigabytes in size, with a SQL database size of approximately forty-four gigabytes. NJSIG utilizes eighteen active released workflows for all departments and drawers.

A full copy of the scope of work is contained within the request for proposals for document management software and services (I-2018-0001).

On January 5, 2018, NJSIG issued a request for proposals for document management software and services (I-2018-0001), which were due on March 2, 2018. As a result of that fair and open competitive contracting process, NJSIG received five proposals in total. An evaluation committee was convened to evaluate and summarize the proposals based on weighted evaluation criteria. These weighted evaluation criteria were designed to fairly evaluate all proposals, and are based on the model evaluation criteria set forth by the State of New Jersey, Department of Community Affairs, Division of Local Government Services as codified at N.J.A.C. 5:34-4.2. This evaluation methodology is designed to fairly evaluate the responsiveness of each proposal, and the responsibility of each proposer, based on the technical criteria, management criteria and cost criteria. A complete copy of the evaluation criteria, the

relative weights assigned to the evaluation criteria and an explanation of the factors each criteria are intended to evaluate is included in the request for proposals for subfund administration services (I-2018-0001).

The results of the evaluation committee are summarized below:

- 1. Vertafore: 93.33 mean composite score. The evaluation committee found this proposal reasonable as to cost. The evaluation committee found the proposal to be responsive as to management and technical criteria. The evaluation committee recommends accepting the three-year proposal, with an option to extend for two additional one-year terms.
- 2. LDI Color Toolbox: 45.67 mean composite score. The evaluation committee found the proposal to be responsive as to management and technical criteria. The evaluation committee recommends rejecting this proposal.
- 3. Image Access Corp.: 35.67 mean composite score. The evaluation committee found the proposal to be responsive as to management and technical criteria. The evaluation committee recommends rejecting this proposal.
- 4. Keymark, Inc.: 47 mean composite score. The evaluation committee found the proposal to be responsive as to management and technical criteria. The evaluation committee recommends rejecting this proposal.
- 5. GRM: 32.33 mean composite score. The evaluation committee found the proposal to be responsive as to management and technical criteria. The evaluation committee recommends rejecting this proposal.

A copy of the evaluation committee's report is attached.
