## EDUCATIONAL RISK & INSURANCE CONSORTIUM (ERIC) – WEST LIASION REPORT

### SAFETY INCENTIVE AWARDS

\$1,000 award distributed to almost half of the districts in the ERIC West Sub fund. This is just another example of ERIC West and NJSBAIG putting dollars back into the classroom where they belong.

Key elements to receive Safety Incentive award December 2013

- Complete the NJSBAIG Safety Assessment
- Establish and Complete a Safety Goal (from assessment)
- Establish a Safety Committee, meet at least 3 times / year
- Attend three out of the four ERIC West meetings

### SUPERSTORM SANDY

Many lessons learned after the effects of Superstorm Sandy. ERIC West discussed many aspects of readiness, response, claims reporting, successes and failures. We also discussed how districts collaborated to get through the storm and the opportunities available through FEMA to recoup some the expenses incurred.
